I'm passing this on to the people who are actually doing the work!!

Great job.

Thanks,

Stu

Dear Mayor Hickenlooper and Stu Williams,
On behalf of Denver East High School, thank you for doing such a wonderful job redeveloping the Esplanade. While this is part of a stormwater project the amount of work and accomplishments have been remarkable. East now has new streets from Colfax to 17th Avenue, a crowned Esplanade in the making and a newly surfaced area around our "E". Your crews have been wonderful and very thoughtful to those of us who have been at East everyday helping us get to our destination through their construction zone. Parsons has done a superb job getting this project going and as of today, July 11, 2006, they are one week ahead of schedule. Thank you for making this project so exceptional.

Kathleen Butler, Chairperson, Project Angel Pride.
